

City of Morganton
PRE-BID MEETING
Public Safety Shooting Range Upgrades Project;
Tuesday, February 8, 2022, 9:00 AM
On site at 271 Water Filter Plant Rd. Morganton, NC 28655

In Attendance: See Sign in Sheet.

Mark Hall introduced himself and others present for the meeting introduced themselves and their involvement with the project.

1. Mark Hall reviewed the various dates associated with the bid and project completion.
2. City Staff asked that contractors provide questions to City Engineer by email by Tuesday, February 15, 2022, as to allow time to answer all questions by Friday, February 18, 2022.
3. Mark Hall stated that the city would possibly take the project to City Council for approval at the March 7th council meeting, but would not give notice to proceed until after approval by City Council and until Public Safety qualify training has been completed in March.
4. Mark Hall reviewed items on the bid proposal and contract documents that need to be completed.
5. City Surveyor will conduct the survey/construction staking for the project, once the contractor is on site.

Notes:

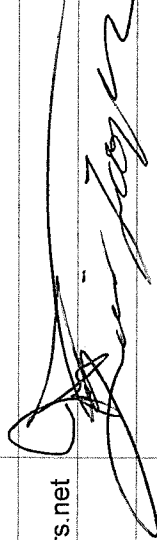

- A. Clarification on the height of concrete block barrier wall. Wall shall include one concrete base block and one concrete cap block for a height of 30" +/-.
- B. Clarification on Railroad ties. Railroad ties shall be used #1 grade / landscape grade.
- C. The City will take care of the building relocation on site.
